

FOR IMMEDIATE RELEASE

17 March 2021

Mmabana Festive Season Cultural Explosion at Sun City

Mmabana Arts, Culture, and Sport Foundation has partnered with Sun City to create a lasting relationship where both parties may enjoy the resources of the resort and the entity explores the possibilities of artists expressing their creative muscle at the disposal of both parties.

The creative sector gives so much to a nation as it serves as a mirror to the evolution of its culture. When we keep seeing the reflection of the societal decay it is the very antidote needed to lift us to a more contented, cohesive, confident, and open-minded plateau. The partnership between Mmabana Arts Culture and Sport Foundation and Sun International forges to be the springboard for the creative sector to thrive in.

The entity is proud to announce such a partnership that comes with colossal opportunities for our patrons and one that promises to deliver entertainment of the highest caliber for the citizens of the province and the country at large. The echoes of excellence will truly resound in our heads this year and will call with them a reminder of our promise to keep nurturing, developing, and promoting talent.
